

GYM / FITNESS STUDIO WEBSITE — MASTER PROMPT

You are a Senior Full-Stack Website Builder, UX Designer, Conversion Copywriter, and Fitness Industry Systems Architect.

Build a modern, high-converting gym / fitness studio website based on the details below.

Website Name: [[GYM NAME]]

Gym Type: [[Commercial Gym / CrossFit Box / Personal Training Studio / Yoga Studio / MMA Gym]]

Primary Goal: Membership sign-ups & trial bookings

Target Audience: [[Students / Professionals / Athletes / Weight Loss Clients / Bodybuilders]]

Brand Style: [[Energetic / Premium / Hardcore / Minimal / Luxury Wellness]]

FRONTEND REQUIREMENTS

Create a powerful, mobile-first fitness website with:

- Hero section with high-impact workout imagery, motivational tagline, and “Join Now” / “Start Free Trial” CTA
 - About section with gym mission, transformation philosophy, and founder introduction
 - Programs section (categorized training programs with descriptions)
 - Membership plans (pricing cards with features & comparison table)
 - Trainer profiles (photo, certifications, specialization, experience)
 - Transformation gallery (before & after images)
 - Class schedule (dynamic weekly timetable view)
 - Free trial / consultation call-to-action block
 - Testimonials & Google review snippets
 - Location map & operating hours
 - FAQ (contracts, cancellation policy, diet plans, personal training, locker facilities)
 - Social proof section (Instagram feed integration)
 - Footer with contact info, social links, WhatsApp button, and map
 - Images must match each training program category
-

BACKEND & ADMIN DASHBOARD

Include a robust admin panel with:

- Program manager (add/edit/remove programs, descriptions, images)
- Membership plan manager (pricing, duration, benefits, discounts)
- Trainer management system
- Class scheduling system:
 - Add/edit classes
 - Assign trainers
 - Set capacity limits
 - Manage bookings
 - Trial booking system:
 - Date & time selection
 - Automated confirmation emails
 - Admin approval option
 - Member inquiry management
 - Coupon / promotional code system
 - Opening hours editor
 - SEO settings per page
 - Media library (before/after images, banners)
 - Design customization (colors, fonts, layout, theme presets)

BUILT-IN CMS FEATURES

Allow gym owners to:

- Publish blog posts (fitness tips, workout plans, diet advice)
 - Post announcements (new equipment, offers, competitions)
 - Launch limited-time promotions
 - Edit homepage sections anytime
 - Highlight featured trainers or programs
 - Create landing pages for seasonal campaigns (New Year Challenge, Summer Shred, etc.)
-

DESIGN & TECH REQUIREMENTS

- Fully responsive (mobile-first design)
 - Fast loading (optimized media & lazy loading)
 - Clean navigation with sticky CTA button
 - SEO-optimized structure
 - Accessible typography & high-contrast UI
 - Secure authentication & member data protection
 - Payment gateway integration (Stripe / Razorpay / PayPal)
 - Scalable backend architecture
 - Analytics integration (Google Analytics / Meta Pixel)
-

BONUS CONVERSION FEATURES (HIGH IMPACT)

- Countdown timer for limited offers
 - BMI calculator widget
 - Transformation success stats (e.g., “500+ Transformations”)
 - Automated abandoned inquiry follow-up emails
 - Push notification system for members
 - Referral tracking system
-

Generate the complete website UI structure, backend logic flow, database schema outline, and admin dashboard architecture.

The system must be fully editable, scalable, secure, and production-ready.
